

Creating A Worship Space At Home

Document modified from a resource created by Pastor Shannyn Fuerst

1. Find a place that feels special to you.
2. On a table place a towel or piece of cloth that matches the season of the church year. (Lent is purple)
3. Place a cross or other symbol of faith on the cloth/towel.
4. Set out some bread and grape juice or wine to share in communion virtually with your online community.
5. Begin with a prayer. You might like to place your hands over your heart as you pray silently or aloud. If you'd like to use words, you could try these:
 - o *"Loving God, you hold me in your heart. I am safe in your love. I give you my thanks. Amen."*
6. Turn on the video of the worship service and follow along with the bulletin (the worship bulletins can be found on the church website. The video will be on the church Facebook page or on the church website (alclincoln.com)
7. Sing along with the hymns, speak the liturgy, pray the prayers.
8. Know that we are all connected as the body of Christ, worshipping in different places but all still one faithful and faith-filled community.
